

Dear Dr. Henney,

I am writing to express my concern over the FDA's regulation of genetically engineered (GE) food. I request that the agency's current policies be changed to support all the points in docket #00P-1211\CP1

☒ All GE foods should be labeled. ☒ GE foods should be assumed to be "generally recognized as safe" and should have mandatory pre-market safety testing

☒ There should be a moratorium on GE foods until long-term studies show they are safe for human health and the environment.

(Additional Personal Comments:) IT'S TIME FOR THE GOVERNMENT THAT REPRESENTS "THE PEOPLE" TO DO THEIR WILL, NOT THE WILL OF SEVERAL CORPORATIONS!
